Approved 4/14/2014 Board Meeting

### Mundelein Park & Recreation District Committee of the Whole February 27, 2017

The Committee of the Whole meeting of the Board of Park Commissioners of the Mundelein Park and Recreation District was called to order at 7:00 p.m. by Vice President DOLAN.

Present were Commissioners DOLAN, FRASIER and ORTEGA. Staff present included Executive Director RESNICK, Superintendent of Recreation KIPP, Golf Operations Manager BROLLEY, Golf Course Superintendent DORUFF, Superintendent of Buildings & Grounds SOLBERG and Superintendent of Business Services & Technology MILLER. Commissioner McGRATH arrived at 7:10 p.m.

Executive Director RESNICK informed the Board that she and the Chief of Police had met to discuss the intergovernmental agreement with the Village regarding police services. Both felt the current agreement was working well and should be renewed.

The Board was updated on the review of the Administrative Manual. All comments from the Board had been addressed by the District's attorney. The only change from the document the Board was reviewing was changing the term Fixed Assets to Capital Assets as recommended by the District's audit firm.

A recap of bids received for the purchase of fertilizers and pesticides was reviewed by the Board. Executive Director RESNICK clarified that some recommended purchases were not from the low bidder due to either the product not meeting specifications or the overall discount given by distributors. Vice President DOLAN asked if the bids were clear enough. He thought it may be confusing to bidders on the parameters. Executive Director RESNICK said she felt the current format was clear.

Three bids were received for the renovation/restoration of the water slides at Barefoot Bay. One was \$1,250 under budget while the other two were both nearly 50% over budget. Superintendent of Recreation KIPP said references for the low bid were checked and were positive.

The Board reviewed the recommended part time wage ranges as submitted by staff. Commissioner ORTEGA asked why certain changes were being recommended. Executive Director RESNICK said staff researched what area park districts and when possible, private companies, were paying for the same positions. Superintendent of Recreation KIPP said the indoor pool desk floor attendant was recommended for lowering because this position did not require lifeguard certification any longer.

A front end loader at the golf course was no longer needed and recommended for disposal. Commissioner ORTEGA asked if a replacement had been purchased. Golf Course Superintendent DORUFF said no that staff uses a skid-steer now.

Executive Director RESNICK reviewed the executive session minutes that were sealed and recommended four meetings be released.

Committee Meeting February 27, 2017 Page 2

The Board was given the IPRA Environmental Report Card. Commissioner ORTEGA asked if there was any intention to improve the score. Executive Director RESNICK said the District was following certain procedures that were not Board approved policy. Making them policies would improve the score. Vice President DOLAN suggested staff review the report card again and if there were areas that could improve, staff should take measures necessary.

Executive Director RESNICK reminded the Board the County had emailed the Statement of Economic Interest and this needed to be completed.

The Binder of Documentation was shared with the Board. Commissioner McGRATH commented that the information helped when he was asked questions by residents.

Commissioner FRASIER suggested the monthly Police Report be placed on the meeting agenda and accepted in a similar way as the monthly financial report.

The Committee meeting adjourned at 7:30 p.m.

#### **Staff Reports**

#### Golf

Commissioner FRASIER asked if the current GPS system offered a fly over feature. Golf Operations Manager BROLLEY said it did, but the cost was very high. He did not think the system being looked at for 2018 offered this feature, but their maintenance program was far superior to the current system. Vice President DOLAN said he would like to see the golf course have a policy that determined when they would be open. He felt not being open for the recent warm weather was a missed opportunity. He would like to see staff be more responsive to changing weather. Golf Operations Manager BROLLEY said the lack of carts was the biggest factor, but he agreed an opportunity was missed and plans will include being open this weekend if the forecast of 50 degrees was correct. Otherwise the target for a full opening is March 11. Vice President DOLAN asked staff to prepare an analysis of building and operating a driving range and banquet facility. Both of these capital projects continue to appear on the capital plan, but if they are not feasible, they should be removed. If they are feasible, they should be funded. Vice President DOLAN asked if the warm weather will affect the spring pesticide applications. Golf Course Superintendent DORUFF said no, he was prepared for this. Commissioner FRASIER suggested having the geese deterrent firm start earlier if the course was planning on opening March 11. Golf Course Superintendent DORUFF said they may come out earlier to get some exercise for the dogs, but March 15 is the start date for looking for nests.

#### **Parks**

Vice President DOLAN commented it was good to see current staff have the opportunity to advance into a new position. Commissioner McGRATH asked about the changes in tree trimming. Superintendent of Buildings & Grounds SOLBERG said the new mechanic re-built the box that sits on the truck to hold wood chips once trees are trimmed or cut down.

#### Recreation

Vice President DOLAN asked who came up with the idea for the Barefoot Bay flash sale. Superintendent of Recreation KIPP said it was Aquatic Supervisor Mike Gerton. Vice President DOLAN asked about the field permit process. Superintendent of Recreation KIPP said it begins March 11 with the assignment of April permit dates and the second meeting on April 8 is to assign May and June permit dates. Vice President DOLAN said he felt the Coach of the Year program sounded very good. Superintendent of Recreation KIPP said Mundelein Baseball/Softball Association and the Lake County Stallions came up with the idea as they have been working together on the Positive Coaching Alliance. Vice President DOLAN asked why soccer was not included. Superintendent of Recreation KIPP said she was not sure.

#### **Business Services**

Vice President DOLAN asked if the audit was complete. Superintendent of Business Services & Technology MILLER said the field work was done and the preliminary report should be done in a couple weeks.

Vice President DOLAN announced service anniversaries for Joe Albert, 17 years; Rick Hanzel, 10 years; and Tracie Ouimet, 1 year.

Commissioner FRASIER moved to take a break at 8:05 p.m., second by Commissioner McGRATH. The motion unanimously approved.

Commissioner FRASIER moved to reconvene the meeting at 8:10 p.m., second by Commissioner McGRATH. A roll call vote was taken with Commissioners FRASIER, McGRATH, ORTEGA and DOLAN voting yes and present.

Marketing Specialist Christa Lawrence gave the Board a presentation about rebranding the Park District. She said the current logo was outdated and did not reproduce well, particularly in digital media which has such a large reach.

Commissioner ORTEGA asked if the logo was on our letterhead. He was told it is and that if the logo is changed, the implementation would be phased in. Print items would be changed as they run out. Park signs could be replaced over a three year period. Vice President DOLAN said he feels the logo is so well known in town that changing it would confuse patrons. He also said he does not feel the District needs to rebrand as we are a very well respected organization. Executive Director RESNICK said we don't want to change who we are, but to refresh our look.

Commissioner McGRATH said his concerns include confusing patrons, the cost of replacing items and the workload for staff. He said he feels all five Board members need to be present before the District moves forward on the project. Vice President DOLAN agreed there needs to be more discussion before moving ahead.

Commissioner FRASIER asked if there had been any preliminary logo designs created yet. Marketing Specialist LAWRENCE said she had not prepared any as she would need to conduct a brand analysis to define the District.

Executive Director RESNICK said she would meet with President KNUDSON when he was back and will share with him the presentation. The Board could discuss the topic at future Committee Meetings.

There being no further business, Commissioner ORTEGA moved to adjourn at 8:55 p.m., second by Commissioner McGRATH. The motion was unanimously approved.

#### **New Business**

Due to last minute information from the Village the bid opening was moved to issue addendums that could potentially save money. The bid opening was held March 9 and a grid of results is attached. The last construction estimate was \$4,314,950 and we anticipated another \$300,000 for the increased gym size. Overall the bidding went very well and the Architect, Construction Manager and District staff were happy with the results, which are approximately \$500,000 under the last estimate. Furniture, Fixtures and Equipment will be bid at a later date. There was a problem with the Landscape bid and this will be bid with an award at the March 27 meeting. If the low bid does not meet scope and verification, staff would like the authority to award a contract to the next low bidder.

Staff recommends, subject to scope and verification, awarding the following contracts: Alpine for Building Demolition in the amount of \$15,000; Matteo for Excavation & Site Demolition in the amount of \$165,999; Berger Excavating for Site Utilities in the amount of \$113,000; Schroeder for Asphalt Paving in the amount of \$60,502; Circle for Concrete in the amount of \$260,000; Ebben for Masonry in the amount of \$342,500; McKinney for Structural Steel & Misc. Metals in the amount of \$156,163; Efraim Carlson for General Trades in the amount of \$474,000; A-1 for Roofing & Sheet Metal in the amount of \$184,000; TNA for caulking in the amount of \$19,900; 3F for Aluminum, Glass & Glazing in the amount of \$453,000; Kole Construction for Drywall & Acoustical Ceilings in the amount of \$180,000; Johnson for Ceramic Tile in the amount of \$36,416; John for Sports Flooring in the amount of \$79,975; Johnson for Flooring in the amount of \$40,763; Ascher Brothers for painting in the amount of \$30,970; Prestige for Specialties in the amount of \$81,498; Haldeman-Homme for Gymnasium Equipment in the amount of \$56,800; Automatic for Fire Protection in the amount of \$30,351; Altra for Plumbing in the amount of \$111,500; Hartwig for HVAC in the amount of \$253,685; and Associated for Electrical in the amount of \$258,000.

The replacement of two pool heaters for Barefoot Bay was included in the budget with an estimate of \$52,000. Staff prepared specifications and advertised for this bid. Below are the bid results:

Company	Total
Cahill Heating & Air, Lake Bluff, IL	\$36,500
J.O.S Services, North Chicago, IL	\$43,700
Amber Mechanical, Alsip, IL	\$44,000
Pro-Temp of IL, Burr Ridge, IL	\$44,400
Core Mechanical, Chicago, IL	\$44,560
MG Mechanical, Woodstock, IL	\$47,350

Staff recommends approving the purchase of two pool heaters from Cahill Heating & Air in the amount of \$36,500.

In an effort to increase consistency and control expenses, the District developed a request for proposals for three years of aquatic weed treatment for Diamond Lake. Once a vendor is selected, other lake property owners will be given the vendors contact information in case they too would like to utilize their services. The hope is to be more consistent with treatment applications if we are all using the same vendor. Proposals were received from Clarke Aquatic Services, Integrated Lakes Management, McCloud Aquatics and Scientific Aquatic Weed Control. All four firms have good reputations. Staff from Lake County's Lakes Management reviewed the specifications and proposals.

Staff recommends approving a three year contract with Clarke Aquatic Services for treatment of aquatic weeds in Diamond Lake.

As described in the 2017 Workplan, the landscaping around District buildings will be contracted out. Because of this, seasonal labor was reduced. The budget includes \$45,000 for this item. The purchase and installation of mulch is not included in the base bids and is expected to be \$13,000-15,000 additional. Bid results for this work are:

Company	Total
Accent Landscape Maintenance	
Ingleside, IL	23,980.00
Buhrman Design Group	
Mundelein, IL	26,527.50
Balanced Environmental	
Old Mill Creek, IL	32,525.00
Green Acres Landscaping	
Ingleside, IL	33,104.00
Langton Group	
Woodstock, IL	33,701.77
Alvarez, Inc	
Barrington, IL	35,162.64
Don Beto Lawn Service	
Mundelein, IL	36,440.00
Schmechtig Landscape Co.	
Mundelein, IL	51,719.50
TGF Enterprises	
Libertyville, IL	77,170.00

Staff recommends awarding a contract to Accent Landscape Maintenance in the amount of \$23,980, plus \$60 per yard for mulch.

Park View Health & Fitness at one time had a full time Manager and full time Assistant Manager. For the past seven years we have operated with a full time Manager and a part time desk Supervisor. We have been without that part time desk Supervisor since August. During this time, the Manager has been determining what positions which best serve the facility. With the introduction of the group exercise membership, classes and participation has increased and we are recommending a part time Group Exercise/Personal Training Coordinator. The wage range for this position would be \$17-21 per hour. As the community changes and special events become more popular, we feel we would be more successful with one person organizing our events rather than have them run by several individuals as is now the case. We would like this person to also organize parties at the District. This would include assisting with functions for room rentals. The wage range for Special Events/Party Coordinator would be \$16-21 per hour. Staff recommends approving the Group Exercise/Personal Training Coordinator and Special Events/Party Coordinator job descriptions and wage ranges.

#### **Updates**

Enclosed is an update on the progress of the 2016 Workplan. Of the 38 items identified in the workplan, 28 were completed as planned, 6 were not completed, 3 are ongoing and 1 was completed but not as originally planned. The reasons for not completing the 6 projects were generally poor time management. Staff will strive to complete all 43 items on this year's workplan.

I met with representatives from the Summer Lunch Program regarding the donation of a gazebo at Gordon Ray Park. They are working with a contractor and will get all the necessary permits once a design is approved by the Park District. A Donation Agreement has been drafted by our attorney and will be presented to the Board for approval at the March 27 meeting.

Bill Brolley, Linda Miller and I met to discuss conducting an analysis of the feasibility of expanding the clubhouse at Steeple Chase as well as constructing a driving range. We plan to have this completed for the April 24 Board meeting.

The February Police Report is enclosed.

Park District Report – February 2017

There were thirteen (13) calls for service in the area parks during the month of February, which is consistent with park district activity during this time of year (11 calls for service in January 2016). The majority of the calls were minor in nature and included suspicious circumstances/vehicles, a disturbance call, animal complaints, and an assist rescue.

There were a total of 105 park checks initiated by the patrol officers during this month. There were no patterns or crime trends discovered during this month. The numbers of calls and checks were consistent with the weather and decline in use of the parks.

The following gives more detail about several of the calls for service during February 2017:

- On 02/01/17, officers were dispatched to Cardinal Terrace Park for a report of juveniles walking on the ice. Officers checked the area and there were no juveniles on the ice or seen in the
- On 02/01/17, Officer Hernandez located an occupied vehicle at Leo Leathers Park and made contact with the occupants. Officer Hernandez advised the subjects of the park hours and advised them to leave the park, which they did. There were no indications of criminal activity.
- On 02/02/17, Officer Bond was checking Community Park when he observed two occupied vehicles. Both subjects advised that they were unaware of the park hours and agreed to leave. Officer Bond did not see any indications of criminal behavior.
- On 02/20/17, Officer Perdue responded to Community Park (indoor basketball courts) for a report of subjects fighting. Officer Perdue spoke to the victim and offender and determined that the incident started during basketball. The offender was arrested and charged with battery.
- On 02/24/17, Officer Callaghan located an occupied vehicle at Lewandowski Park and made contact with the occupants. Officer Callaghan advised the subjects of the park hours and advised them to leave the park, which they did. There were no indications of criminal activity.

On 02/24/17, Officer Perdue located an occupied vehicle at Community Park and made contact
with the occupants. Officer Perdue smelled the odor of cannabis coming from the vehicle and
one of the occupants admitted to possessing cannabis, which they turn over to Officer Perdue.
 Officer Perdue arrested the subject for possession of cannabis.

Officers will continue to perform walk-throughs at Park View to deter unwanted subjects from attending, especially during open gym hours. In addition, they will continue to perform park checks at the various parks.

I have attached a copy of the February 2017 Park District reports for your review.
