Adjournment

Rules for Public Comment:

- A. At the start of the period for public comment the board President or acting chairperson will advise the public:
 - 1. The amount of time permitted for public comment;
 - 2. That all speakers state their name and addresses before addressing the Board;
 - 3. To avoid repetitive comments, testimony, and general questions; and
 - 4. To appoint only one person to speak on behalf of a group.
- B. Each person will be permitted to speak one time only, unless the President determines that allowing a speaker to address the Board again will contribute new testimony or evidence germane to an issue on the agenda for that meeting.
- C. Unless a representative spokesperson is appointed in the manner described in rule D, all comments from the public will be limited to no more than three (3) minutes per person.
- D. Groups may register a representative spokesperson by filing an appearance form no later than one (1) hour in advance of a meeting. The appearance form must designate (i) the number of people the designee represents for the purpose of making public comment; (ii) the subject matter of the public comments; and (iii) whether the subject begin represented by a group spokesperson shall be deemed to have waived their opportunity to speak independently unless the President determines that allowing such a speaker to address the Board will contribute new testimony or evidence germane to an issue on the agenda for that meeting.
 - 1. A representative spokesperson who timely files a complete appearance form to speak on a matter germane to the agenda shall be permitted to speak for three (3) minutes for each person being represented, up to a maximum of fifteen (15) minutes.
 - 2. A representative spokesperson who timely files a complete appearance form to speak on a matter not germane to the agenda shall be permitted to speak for three (3) minutes for each person being represented, up to a maximum of nine (9) minutes.
- E. The Board shall not respond to questions posed during public comment. All questions shall be recorded by the Board Secretary and a response shall be presented either during the next regular Board meeting or in writing before such meeting.
- F. All comments must be civil in nature Any person who engages in threatening, slanderous or disorderly behavior when addressing the Board shall be deemed out-of-order by the presiding officer and his or her time to address the Board at said meeting shall end.

MINUTES
Mundelein Park & Recreation District
Local Government Efficiency Committee
April 8, 2024

The Local Government Efficiency Committee meeting of the Mundelein Park & Recreation District, Mundelein, Lake County, Illinois, was called to order at 6:00 p.m. at the Regent Center, 1200 Regent Drive, Mundelein, Illinois.

Present were Committee Members BURTON, GREENBERG, KNUDSON, PONSARAN, and Commissioner FRASIER. Committee Members McGRATH and ORTEGA were absent with prior notice.

Staff present was Executive Director SALSKI.

Commissioner FRASIER requested a motion to approve the minutes of the Local Efficiency Committee Meeting on November 27, 2023. Committee Member KNUDSON moved to approve the minutes of the Local Efficiency Committee on November 27, 2023, second by Committee Member BURTON. Commissioner FRASIER repeated the motion, asked if there were any additional corrections or additions. None were raised. A voice vote was taken with all voting yes except Committee Member GREENBERG who abstained.

Commissioner FRASIER asked if there was any new business.

Executive Director SALSKI reviewed the Intergovernmental Agreements with Committee. He discussed the upcoming agreements with Mundelein Historical Commission, Carl Sandburg Middle School, and Village of Mundelein Police Department. He mentioned some challenges with the Carl Sandburg agreement and he had been working with Dr. Myers. Commissioner FRASIER said it should be fine. Committee Member PONSARAN asked if staff had contacted Carmel High School to use their facilities. Executive Director SALSKI said he wasn't aware and that was a good idea. In reference to the Police Protection agreement, Committee Member GREENBERG asked where the fines go. Committee Member KNUDSON asked will Police ask for more.

Executive Director SALSKI asked if there were any questions on policies. He said that a Social Media Policy amendment would be placed on the next Regular Board meeting agenda. Committee Member PONSARAN asked if staff used AI to cross reference policies to see if they overlap. Executive Director SALSKI replied staff had not but was he concerned about anything specific. He said staff had been using AI more and policies need to be developed. Committee Member GREENBERG said Distinguished Accreditation has created best practices for policies. Executive Director SALSKI said the District has done a very good job over the years strengthening its policies.

Executive Director SALSKI explained the Financial Sustainability Strategy. He went through each initiative. He discussed the credit card fees and that the District added a user fee. He said staff does not recommend it. Committee Member BURTON suggested including it in the overall fee. Executive Director SALSKI said staff were supportive of that approach. Committee Member PONSARAN asked how much it costs the District per year. Executive Director SALSKI estimated the cost was \$50,000-\$70,000. Committee Member PONSARAN asked the last time the District bid for credit card fees.

Executive Director SALSKE said the fees must be included in the registration software and there were only three companies who hold a large part of the market.

Committee Members suggested working with Village on asphalt projects. Executive Director SALSKE stated there would be a commitment to Pickleball leagues. He briefly explained wetland mitigation banks and provided an update on the status. He said it was more complicated and the District was working with Gewalt Hamilton Associates. He said he anticipated spending only \$13,000 - \$20,000 of the \$40,000 budgeted. He said Keith Mione Park would benefit the most but would take about five years. He said it was a low priority or would get moved to Category C in the budget.

Executive Director SALSKE discussed the last sections of the report and asked if there were any suggestions. Committee Member GREENBERG suggested "Coffee with Residents." He attended the Mayor's Coffee and there was a question about the All-Inclusive Playground and timeframe. Executive Director SALSKE replied he received a text and told Trustee Wilson construction would start in June. He said that he planned to release a video giving more details. He said the District had posted a lot on social media. Committee Member GREENBERG suggested the District consider a Youth Conservation Corps to assist with environmental projects. He suggested the Foundation have a catalog of donations. Executive Director SALSKE stated there was a catalog. He reminded the Committee about the Foundation's Meat Raffle on April 28 at Crossroads Restaurant.

Visitors: None

There being no further business, Committee Member KNUDSON moved to adjourn at 6:58 p.m. second by Committee Member PONSARAN. A voice vote was taken with all voting yes.

Minutes of these meetings are available on the Park District's website or upon request at the Park District's administrative office.

IV. General Overview of Governing Statutes, Ordinances, Rules, Procedures, Powers, Jurisdiction

The Park District was established by a referendum initiated and approved by the voters of the Park District in 1954. All Illinois park districts, including the Park District, are governed by the Park District Code, 70 ILCS 1205/1 *et seq.*

Having a separate and distinct taxing body for parks, recreation, and conservation within the local community, which operates apart from general purpose governments, is extremely beneficial to the community for many reasons, as detailed further in this report.

- **Elected, non-partisan, non-compensated board.** The Park District is governed by a board of five commissioners. Commissioners must reside within the boundaries of the park district and are elected at the Consolidated Election in odd-numbered years. Pursuant to state law, commissioners are non-partisan and serve without compensation.
- **Accessible and focused representation.** Having a dedicated board to oversee these essential facilities, programs, and services provides the community with increased access to their elected representatives and allows those elected representatives to remain focused solely on those facilities, programs, and services. This is contrasted with general purpose governments where elected representatives are responsible for broad oversight on a wide range of issues. This special purpose benefit is particularly advantageous when it comes to budget and finance oversight.
- **Increased transparency.** Having a dedicated unit of local government to provide park and recreation services also improves the relationship between the park district and its residents because of the transparency and openness related to the board and park district operations. Having detailed agenda and action items allows taxpayers to be better informed about the inner workings of their local government. When individual units of government are responsible for providing specified services like park districts, transparency is increased because action items and budget procedures are more detailed. Additionally, these items and budgetary decisions are subject to more scrutiny by locally elected officials than is the case with larger, multi-purpose governments with a multitude of departments.
- **Protection of revenues.** Because the Park District is a separate unit of local government, the revenues it generates can only be used for park district purposes. This assurance is contrasted with general purpose governments like cities, villages, and counties that provide a multitude of services such as fire, police, public works, economic development, etc., where revenues that are generated specifically for parks and recreation can be expended on these other services with limited, if any, input from voters.

- **Protection of assets.** Public parks and other real property owned by the park district is held in trust for the residents of the park district, and, subject to very limited exceptions, can only be sold or transferred if residents approve of the sale or transfer by a referendum. This is contrasted with general purpose units of government, which have authority to sell or dispose of property by a vote of the governing board.
- **Providing the Community More with Less.** The Park District does more with much fewer funding options. Unlike other units of local government that receive direct state funding, and income, sales, use, hotel/motel, motor fuel and other numerous taxes, the Park District's only tax revenues come from a modest portion of a resident's overall property tax bill. In fact, despite its limited funding options, the Park District share is only 5% of the local tax bill.

As part of good governance and implementing best practices in the management of day-to-day operations, the Park District has also adopted the following ordinances, rules, policies, and procedures:

- ADA Transition Plan
- Administration Policy Manual
- Annual Report
- Board Policy Manual
- Comprehensive Master Plan
- Ethics Ordinance
- Financial Sustainability Strategy Plan
- Hazardous Communications Manual
- Procedure Manual
- New Board Member Orientation Manual
- Personnel Policy Manual
- Rules and Regulations
- Safety Manual
- Volunteer Manual
- Social Media Policy

V. List of Shared Services and Partnerships

The Park District works diligently to provide the best possible programs, services, and facilities to our community at the least possible cost. One of the many ways the Park District achieves this goal is by partnering with neighboring park districts, school districts, other units of local government within or near the community, the State, non-profit organizations, and for-profit corporations. Below is a comprehensive list of the current partnerships, agreements, and other relationships that assist the Park District's mission of delivering the best possible services at the least possible cost to our community.

1. Membership in SRA if Any

The Park District is part of the Special Recreation Association of Central Lake County ("SRACLC"). Special recreation associations are a form of intergovernmental cooperation among units of local government that are authorized under the Illinois Constitution, the Intergovernmental Cooperation Act, the Park District Code, and the Municipal Code. Their formation is rooted in a fundamental belief and recognition that "Recreation is for Everyone." They are shining examples of local government efficiency.

By partnering together, local communities are able to effectively and efficiently deliver more successful program opportunities to community members who have special needs. Furthermore, by participating in the SRA, the Park District networks with seven other local governments to provide many more program opportunities for our community members who have special needs and offers a choice between participating in the SRA's programs or in programs that are provided by the Park District.

The Park District and the SRA also achieve efficiency by utilizing existing facilities that are owned and operated by the SRA's members, including the Park District. Utilizing these existing facilities allows the SRA to deliver services to its member communities at a lower cost. Currently the Park District provides the SRA access to the following facilities for their program offerings:

- *Mundelein Community Center*
- *Regent Center*
- *Keith Mione Community Park*

The SRA also provides the support needed for participants with special needs who choose to register for the Park District programs or inclusive programming. The SRA collects information on the registered participant and determines what supports are needed for that participant to be successful in this inclusive setting or the Park District program. This could include additional training of the supervisory staff, additional support staff, the use of adaptive equipment, behavior management, and/or other measures that will assist in the successful participation of this individual in the Park

District program. Although success may not look the same for everyone, the SRA works with the Park District's staff to ensure the best possible results for all the participants in the program. The Park District's cost of providing these services would be much greater without its participation and partnership in the SRA.

In 2022, the SRA successfully served 42 residents in 100 or more programs. The SRA also supported 67 participants in inclusive programs that were provided by the Park District.

The Park District is very proud of the ongoing collaboration with the SRA. By working cooperatively with other local governments, not only are we better able to collectively serve all citizens within our communities, including persons with disabilities, but we are able to do so in the most efficient and effective manner possible.

2. Other intergovernmental agreements with other park districts, forest preserve districts, conservation districts, or municipal recreation agencies

- *2006 SRACLC Articles of Agreement*
- *2011 SRACLC Articles of Agreement*
- *2022 SRACLC Articles of Agreement*

- *Mendez/Herrera/Lawrence Organization (McDonald's on Mundelein)*
- *Mundelein Community Bank*
- *Orthodontic Experts*
- *Sam's Club of Vernon Hills*

8. Informal cooperation with other units of local government which save taxpayer dollars by eliminating redundancy

- *Village of Mundelein*
- *Village of Mundelein Police Department*
- *Village of Mundelein Fire Department*
- *School Districts 120 and 75*
- *Fremont Township*
- *Fremont Township Highway Department*

VI. Other Examples of Efficient Operations

Use of volunteers. One way in which the Park District reduces the burden on taxpayers is through the use of volunteers. Last year, 183 individuals volunteered 2,322 hours of service to the Park District.

Youth employment. The Park District is a major employer of youth in the community. Last year, the Park District employed 152 youths. Not only is this an efficient way to deliver services, but youth employment serves as a valuable training tool for the future workforce.

Joint purchasing (if not listed above). The Park District participates in joint purchasing cooperatives pursuant to the Governmental Joint Purchasing Act (30 ILCS 525/0.01 *et seq.*) thereby saving taxpayer dollars through economies of scale. These include:

- Ford F150 Truck
- *2024 Ford Transit T-150 Cargo Van*
- *2023 Ford F-250 Pickup Truck*
- *Ventrac 4520N Tractor*
- *Longmeadow Park Playground*
- *Kracklauer Park Playground*
- *Townes of Oak Creek Playground*
- *Bunker Rakes*
 - *Two Toro Sand Pro 5040's*
 - *Two Flex Blades*
 - *Two Front Lift Frame Assemblies*
 - *Two QAS Tooth Rakes*
 - *Two Spring Rakes*
 - *Two LED Light Kits*
 - *Set-Up/Delivery*

- *Utility Vehicle*
 - *Workman HDX 4WD*
 - *2 Inch Receiver Hitch Kit*
 - *Set-Up/Delivery*
- *Sand Top-Dresser*
 - *ProPass 200 Base*
 - *ProPass Workman Mount Kit*
 - *High Flow Hydraulics Kit*
 - *Two ProPass Storage Stand Truck Mounts*
 - *Set-Up/Delivery*
- *GPS For Sprayer*
 - *GeoLink Kit CDMA*
 - *Multi Pro 5800 GeoLink Finish Kit*
 - *TopNet Live Subscription*
 - *Cellular Data CDMA*
 - *GeoLink Auto Steer for Multi Pro 5800*
 - *Set-Up/Delivery*
- *Total Equipment*
 - *Two Toro Sand Pro 5040's*
 - *Workman HDX 4WD*
 - *ProPass 200 Base*
 - *GeoLink with GeoLink Auto Steer*

Mundelein Parks Foundation. Last year, the Foundation raised \$62,594.38 in private donations, which help alleviate the burden on taxpayers. The Foundation also supported the Park District by:

- *A large portion of these funds were earmarked for the All-Inclusive Playground*
- *\$500 was earmarked for the Mundelein Heritage Museum*
- *\$3,775 was paid in 2023 to Mundelein Park & Recreation District for 2022 Recreational Scholarships*
- *\$3,676 was paid in January 2024 to Mundelein Park & Recreation District for 2023 Recreational Scholarships*

Collaboration with other park districts on best practices. Because park districts are not in competition with one another, they are more willing than the private sector to share best practices. These best practices help to avoid unnecessary costs and deliver services more effectively and efficiently.

- *The Mundelein Park & Recreation District and Vernon Hills Park District collaborate with its Health and Fitness Centers and Karate classes.*

Reliance on Non-Tax Revenue. Unlike most local governments that rely on a wide range of sales, use, and income taxes, the Park District is not permitted to assess these types of taxes. Additionally, although the Park District is an economic engine for the community and generates much revenue for the state and our community in the form of hotel/motel, sales, and motor fuel taxes, our Park District does not receive any of these revenues. Also, unlike Illinois cities, villages, counties, and school districts that received billions of dollars in direct financial assistance from the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the American Rescue Plan Act (ARPA), our Park District did not receive any such direct federal aid. Our Park District also does not receive state funding under the Local Government Distributive Fund (LGDF) or General State Aid (GSA) that these same cities, villages, counties, and school districts receive through the State budget.

Instead, the Park District provides all of the programs, facilities, and services to the community with a very modest amount of property taxes and from **non-tax sources** such as memberships, program registrations, and other user fees as well as private donations and grants.

3. Additional Services

The Park District provided the following additional services to the community.

- *Special Events which include Boo Bash, Beach Bash, Doggy Dip, Move in the Park.*

4. Other Benefits

While the Park District is a special purpose district, its impact to the community is multi-faceted and far reaching. For example, the Park District's parks, recreational programming, and other opportunities improve the community's overall physical and mental health and wellness, thereby reducing health care costs. Before and after school and summer programs offer safe, convenient, and affordable childcare options for working families during critical times when school is not in session. These opportunities also help reduce juvenile crime. The Park District's open space and trees help improve air and water quality and mitigate flooding.

X. Recommendations for Increased Accountability and Efficiency

1. Intergovernmental Fees and Charges

One opportunity for efficiency would be the elimination of fees and charges assessed by other units of government. By way of example, below are amounts that other units of local government charge the Park District even though the Park District's taxpayers are also taxpayers of these other units of local government. Such fees and charges, and the bureaucracy that accompanies them, inhibit the park district's ability to deliver programs, facilities, and services at the least possible cost.

Other units of local government should recognize that intergovernmental fees often lead to inefficiency in the expenditure of taxpayer dollars through extra bureaucracy and administrative costs. In many cases, the unit of government assessing the fee ultimately benefits from the project or event, meaning it can recoup its costs through the extra sales tax or other revenue that will be generated. Where such fees are absolutely necessary, general-purpose units of government should offset the fee by crediting the park district for all benefits they will receive from a project, event, or property. For example, open space that is protected and maintained by the Park District helps mitigate stormwater management costs, so assessing stormwater management fees on the Park District not only leads to inefficiency, but it is also shortsighted.

Governmental units should be discouraged or prohibited from charging more than their out-of-pocket costs associated with the activities covered by a fee that is assessed to another unit of local government with the same taxpayers. Put another way, one unit of local government should not profit by taxing another. Eliminating local permit fees is a way to reduce administrative costs without impacting overall public revenue. Local government best serves the people when it cooperates and works together. Some communities recognize this and do not charge fees to other units. All communities should be encouraged to follow that model to receive the best results for local taxpayers and to promote governmental efficiency.

2. Inefficiency of Other Governments

The Park District is also negatively impacted by the inefficiency of the state and other units of local government.

- *Lake County Stormwater Management and permit of \$3,000.*

3. Unfunded Mandates

Unfunded state mandates are another cost driver. While the Park District recognizes that there are benefits to some of these mandates, modifications could help alleviate some of the burden to the park district.

a) Resident and Non-resident FOIA Requests. Last year, the park district spent ten thousand (\$10,000) on staff time and legal fees to fulfill FOIA requests. Often the individuals/businesses submitting the FOIA requests are from outside of the park district boundaries, and they appear to be serving a specific agenda, rather than assuring better local government.

- Smart Procure Requests (1/17/23, 4/13/23, 7/12/23, 10/12/23, 1/9/24, 4/8/24, and 7/9/24 for Purchasing Records.
- Quinton Osborne from Osborne Employment Law relating to the District and the milk delivery company Schuring & Schuring Trucking.
- NBC Chicago and Telemundo Chicago request for costs of challenges to the release of public records.

- Canon Solutions America 6/15/23 for lease and maintenance / service contract(s) pertaining to all copier and printer equipment used, contract(s) pertaining to any Managed Print Services program used, and current printer and copier invoices from the past six months.
- Better Government Association / Illinois Answers Project seeking documents relating to Mundelein Park District's payroll in 2021.
- Any Communications containing "YES4MHS" sent or received from MPRD accounts or devices in the previous 12 months and documents pertaining to the sign up and payment of YES4MHS becoming a sponsor of the MPRD Easter Event.
- Bid tabulation results requested for two bid openings for the 2023 Pavement Improvements and another for Pavement Improvements.
- Request for Bid documents for Leo Leathers Park for bid date 1/24/23.
- Indiana, Illinois, Iowa Foundation for Fair Contracting requested bid tabulations and engineer's estimates, if projects have been awarded, to whom, the notice to proceed, estimated substantial completion date, and estimated final completion date, and a list of sub-contractors if applicable.
- Data bid requested the bid opening tabulation or apparent low bidder on the Leo Leathers Park Site improvements.
- Under current law, resident taxpayers end up footing the bill for these non-resident or commercial requests. In order to help alleviate the burden for these non-resident requests the law could be amended to: (1) add a requirement that non-residents identify/explain the purpose of the request for information; (2) add a time limit on how far back a non-resident can request information; (3) staff time and costs could be included in the amount that is reimbursable for non-resident and commercial requests; (4) move back the deadline for non-resident requests 10 business days so that the park district does not have to delay services to its residents in order to comply with a non-resident request.

Sunshine laws are supposed to protect taxpayers by allowing them to shed light on any issue that is not exempt from FOIA. However, local government can be burdened by having to drop everything to rearrange priorities to meet FOIA deadlines, particularly if it has limited resources. Since local residents ultimately bear the expense of complying with FOIA, treating resident and non-resident requests differently would be justified.

b) Criminal Background Checks. All park districts are statutorily required to conduct criminal background checks on all employees pursuant to Section 8-23 of the Park District Code. The background checks must be done through the Illinois State Police (ISP). Last year, the park district spent \$1,440 for criminal background checks. The Park District does not recommend eliminating this mandate because it is necessary to ensure the safety and well-being of children and other park district patrons. However, the State should explore ways in which it could improve the current system and make it less costly for park districts to comply with the law.

The mandate also raises the fundamental question as to why one layer of government is forced to charge its taxpayers to comply with a State mandate when the State made the determination to impose the mandate. Put another way, if the State has determined that criminal background checks are necessary for public safety, the State should assist with compliance.

The Park District recommends studying whether there can be a more efficient background check process implemented through the ISP to reduce the time and expense it takes for background checks. Another suggestion is for ISP to waive the fee for checks on minors or waive all fees for name checks. If there is a “hit” from a name check, the fee could be charged for the more costly fingerprint check. Since it is a state mandate, perhaps the fee structure for park districts should also be reviewed to determine whether the fee being charged exceeds the actual cost of doing the check and, if so, perhaps the ISP could consider reducing its cost to local governments.

c) Prevailing Wage. One way to reduce burden on local government staff is to limit the prevailing wage requirement to larger capital contracts. This would free up tracking of the paperwork on small repairs and projects. One reason for creating a threshold requirement is the cost of the administrative burden relative to the cost of the actual project. For example, eliminating prevailing wage on smaller projects, e.g., those less than \$50,000, will result in more local bids and decrease the overall cost for these smaller public works projects.

d) Newspaper Publication. The newspaper is no longer the most effective way to provide notice. Websites are cheaper and reach more people. Permitting the park district to post the information on its website in lieu of newspaper publications would reduce costs.

4. Opportunities for Increased Transparency

As illustrated above, the Park District is very transparent in its operations. The following are opportunities for increased transparency:

- Video Recording of Board Meetings.

- Creating a What's Happening simple newsletter or story format link to include any new information for the community. This would include updates, special events, new classes, new facilities or updates on remodeling, new construction or maintenance, dance competition results, sports leagues or teams, or ideas that the board might be considering they want community feedback on.
- Informal discussion with the community online.
- Include a section online for video discussions, presentations by staff, seasonal planting ideas, lawn care, swimming or water/boat safety, the pool, beach, Pickleball courts or instructions for how to play Pickleball.

5. Opportunities for Other Intergovernmental Agreements

- *Agreements for paving, HVAC, electrical, mechanical with Village, Township and/or School Districts.*

6. Opportunities for Savings such as Energy Efficiency Projects, Joint Purchasing

- *The Park District is looking into solar panels, car charging stations, wetland banking.*
